Country:_____

1. Contributor owns, and has sufficient rights to contribute, all source code and related material intended to be compiled or integrated with the source code for the Project open source product (the "Contribution") which Contributor has ever delivered, and which has been accepted, for incorporation into the technology made available under the Project.

2. Contributor hereby assigns to Sun joint ownership in all worldwide common law and statutory rights associated with the copyrights, copyright application, copyright registration and moral rights in the Contribution to the extent allowable under applicable local laws and copyright conventions. Contributor agrees that this assignment may be submitted by Sun to register a copyright in the Contribution. Contributor retains the right to use the Contribution for Contributor's own purposes. This Joint Copyright Assignment supersedes and replaces all prior copyright assignments made by Contributor to Sun under this Project.

3. Sun agrees that the code or other materials assigned hereunder will remain available for three years past ship date under the applicable open source license for this Project or under some other open source license that has been certified as such by the Open Source Initiative.

4. Contributor is legally entitled to grant the above assignment and agrees not to provide any Contribution that violates any law or breaches any contract.
